NEW This year you may stay with the standard 11 installments or you may choose to make two payments a month making a total of 22 payments.

(Out of Parish add \$500.00 per child)

FAQ's Tuition Plans

Why are there three plans?

The new Gold, Silver, and Bronze plans are designed to provide you with flexibility and choice. They are designed to reflect your level of desired involvement and your financial constraints.

Can I put my children under more than one plan?

No that would not work and would undermine the simplicity of the plans.

When does this plan go into effect?

For the 2009- 2010 school year. If you pay in installment remember the installment begins in July of 2009

Are sports, and other extra curricular activities included?

No, as some students are enrolled in different programs, these fees are not included in the tuition plans.

What payment options do we have?

You can pay in full for the year or on an installment plan.

If you pay in full before August 15 you will receive a \$100.00 deduction on your tuition (this does not apply to scholarship recipients). Payment in full at any other time does save you approximately \$22 to \$44.00 on your total tuition costs over the installment plan.

You may choose to pay in 11 or 22 installments which will run from July 2009 to May 2010. The monthly installments are listed on the Tuition Chart and include a very nominal fee for processing.

Is Financial aid available?

Formal financial aid applications are filed in the spring of each year. After the March deadline you may file an application to be held for consideration if funds become available.

Is there anything else I can do to lower my costs?

Yes. For every child you refer to the school who enrolls for 2009-2010 you will receive a tuition credit of \$200 if they tell us you referred them. For example if you refer 5 new students for next year and they enroll you will receive a tuition credit of **\$1.000 dollars**
